The Alfred Brauer Lectures
April 10 – 12, 2018

Dr. Mina Aganagic
Professor of Mathematics and Physics,
University of California, Berkeley

LECTURE 1: "Lesson on Integrability"
Tuesday, April 10, 2018 from 3:30 – 4:30 pm* in Phillips Hall, Room 215*

LECTURE 2: "Lesson on Knot Categorification"
Wednesday, April 11, 2018 from 3:30 – 4:30 pm in Phillips Hall, Room 215**

LECTURE 3: "Lesson on Geometric Langlands"
Thursday, April 12, 2018 from 3:00 – 4:00 pm in Phillips Hall, Room 215**

Dr. Mina Aganagic is Professor of Mathematics and Physics at the University of California, Berkeley. She has a bachelor's degree and a doctorate from the California Institute of Technology, in 1995 and 1999 respectively. After a postdoctoral position at the Harvard University Physics Department and a faculty position at the University of Washington, she moved to UC Berkeley in 2004. Early in her career, she was named a Sloan Fellow and a DOE Outstanding Junior Investigator. In 2016 she received a prestigious Simons Foundation Investigator award.

*There will be a reception in the Mathematics Faculty/Student Lounge on the third floor of Phillips Hall, Room 330, 4:45 – 6:00 pm, on Tuesday, April 10th, 2018.

**Refreshments will be available in Phillips Hall, Room 330 from 3:00 – 3:30 pm on Wednesday, April 11th, and 2:30 – 3:00 pm on Thursday, April 12th.

Please visit the UNC-CH Math Department Website to see the abstracts for each lecture:
